# FOREWORD

*“Success is not just about victory, but the relentless pursuit of excellence in every endeavour.”*

This issue of *Timeline*...especially showcases our students' exceptional CBSE Board results, a true reflection of their hard work, the steadfast support of their families, and the dedication of our faculty. These achievements are not just about marks; they showcase the grit and determination that our students embody. Equally impressive are the accomplishments of our students in cultural activities, where they have not only participated but excelled, proving their mettle in fields beyond academics. These successes are a testament to the holistic education and values we uphold, and serve as an example of what we can achieve when we strive together.

The motto of the Olympics is: *Citius - Altius - Fortius*. The words mean *Faster - Higher - Stronger*. And this is how we would like to see our students\_ever striving for excellence. Not all of us can stand on the victory stand so more than victory the essential thing is to have fought well.
